RE: Support for House Bill 54, Coverage for Epinephrine Autoinjectors

Dear Representative Williams,

*Nemours Children's
Health
Mark Mumford,
Executive Vice President
Chief Executive,
Nemours Delaware
Valley Operations*

Thank you for the opportunity to comment on House Bill 54, relating to coverage of epinephrine autoinjectors. The Delaware Healthcare Association is pleased to support this legislation.

*Bayhealth
Terry Murphy,
President & CEO*

HB 54 requires that all health insurance plans subject to requirements under Delaware law must include at least 1 formulation of epinephrine autoinjectors on the lowest tier of the carrier's drug formulary by January 1, 2024. Epinephrine is critical as the first-line treatment for anaphylaxis. Unfortunately, a delay in using epinephrine in cases where there are severe allergic reactions can lead to death. While epinephrine is available as a prescription and encouraged to be carried by those with severe allergies, the high cost can create a barrier to access. DHA supports HB 54 to ensure greater access to epinephrine.
