Mark Mumford,
Executive Vice President
Chief Executive,
Nemours Delaware
Valley Operations

Thank you for introducing House Bill 303, amending Titles 18, 29, and 31 of the Delaware Code relating to mental health. The Delaware Healthcare Association (DHA) supports this legislation.

HB 303 requires coverage of an annual behavioral health well check and creates an advisory committee of health professionals tasked with creating recommendations for implementation of the Act. Addressing behavioral health needs are critical to improving the overall health of Delawareans. Providing Delawareans with access to an annual visit with a mental health clinician is an important step in helping those struggling with mental health and substance abuse issues. Given the significant increase in anxiety, depression and substance use disorder during the past two years of the COVID-19 pandemic, now is the time to act in promoting greater access to behavioral health support for Delawareans.
